

①

a)

A house-shaped subtraction grid with a triangular roof. Inside the roof is the equation $= 30$. The main body of the house is divided into four horizontal sections by solid lines. Each section contains a vertical dashed line with a minus sign ($-$) in the center. Dotted lines are placed on either side of each minus sign, indicating where to write the numbers.

b)

A house-shaped subtraction grid with a triangular roof. Inside the roof is the equation $= 21$. The main body of the house is divided into four horizontal sections by solid lines. Each section contains a vertical dashed line with a minus sign ($-$) in the center. Dotted lines are placed on either side of each minus sign, indicating where to write the numbers.

②

a)

A house-shaped subtraction grid with a triangular roof. Inside the roof is the equation $= 36$. The main body of the house is divided into four horizontal sections by solid lines. Each section contains a vertical dashed line with a minus sign ($-$) in the center. Dotted lines are placed on either side of each minus sign, indicating where to write the numbers.

b)

A house-shaped subtraction grid with a triangular roof. Inside the roof is the equation $= 25$. The main body of the house is divided into four horizontal sections by solid lines. Each section contains a vertical dashed line with a minus sign ($-$) in the center. Dotted lines are placed on either side of each minus sign, indicating where to write the numbers.

③

a)

A house-shaped subtraction grid with a triangular roof. Inside the roof is the equation $= 34$. The main body of the house is divided into four horizontal sections by solid lines. Each section contains a vertical dashed line with a minus sign ($-$) in the center. Dotted lines are placed on either side of each minus sign, indicating where to write the numbers.

b)

A house-shaped subtraction grid with a triangular roof. Inside the roof is the equation $= 40$. The main body of the house is divided into four horizontal sections by solid lines. Each section contains a vertical dashed line with a minus sign ($-$) in the center. Dotted lines are placed on either side of each minus sign, indicating where to write the numbers.
